

RISE: Strengthening EHCPs in Barking and Dagenham – understanding different perspectives

Thursday 26th February 2026, 12.00 – 14.30

Dagenham & Redbridge Football Club, Victoria Road, RM10 7XL

[Please register here](#)

About this event

As part of the RISE (Research and Improvement for SEND Excellence) Partnership, funded by the Department for Education (DfE), the Council for Disabled Children (CDC) has been invited by leaders in Barking and Dagenham to deliver two workshops to support and strengthen approaches to EHCPs.

This workshop will bring together school leaders, EHCP coordinators and parent carers who participated in RISE focus groups. It will explore the shared and differing themes and challenges that emerged from the focus groups, and identify areas to work together on to build a more effective EHCP process in Barking and Dagenham.

Workshop details

A half-day, in-person workshop, bringing together different stakeholders to share perspectives, shared challenges, and existing strengths. This will cover:

- Sharing perspectives and shared challenges
- Reflection on areas of work that have gone well and consideration of where this could be applied in future work
- Moving forward together

If you have any questions, please email RISE@ncb.org.uk
